

GIFT CERTIFICATE

St Peter's
Hospice

To _____

I wanted to give you a gift that really makes a difference,
so on your behalf I've donated

A call to the St Peter's Hospice 24-hour advice line

That means a patient, family member or care professional can pick up the phone,
and know a specialist nurse will be there with the advice and support they need.
This gift means there will be someone there to help when it matters most.
